Studying Abroad

Every year, Seirinkan students venture out to various countries to challenge themselves and connect with people around the world. We have had students go to England, Germany, America, Canada, Thailand, and Australia. One of those study programs is CPILS in the Philippines. Our students study English, learn important cultural information, and have a lot of fun.

Advice from Study Abroad Returnees

- Speak English with your Japanese friends, too.
- Ask a lot of questions and review your notes.
- Don't forget to say, "Thank you" to your parents.
- Don't worry about your English. People always try to understand you.
- Try different foods and new experiences.
- Be clear about your likes and dislikes. Say yes and no.
- Making mistakes is a great way to learn.

Student Poetry

FLOWER

pretty, aromatic

blooming, growing up, withering

Morning glory, Hydrangea, Crape Myrtle, leaf

standing, shaking, cutting

green, tall

TREE

By M.T.
